52100 Steel Balls made to order within 48 hours!*

48 hours!

Industrial Tectonics, Inc. introduces the New "P48" ball program for 52100 steel balls. Eliminate long lead times and mill-run lap quantities by ordering your required size increment and have product ready for shipment with 48 hours*. Standard lot quantities as low as 500 pieces eliminate scrap and rework for new or refurbished bearings!

For more information and to order on-line see us at www.itiball.com/p48.html or call **1-800-482-BALL**.

Material: 52100 Steel
Quality: ABMA Grade 10
